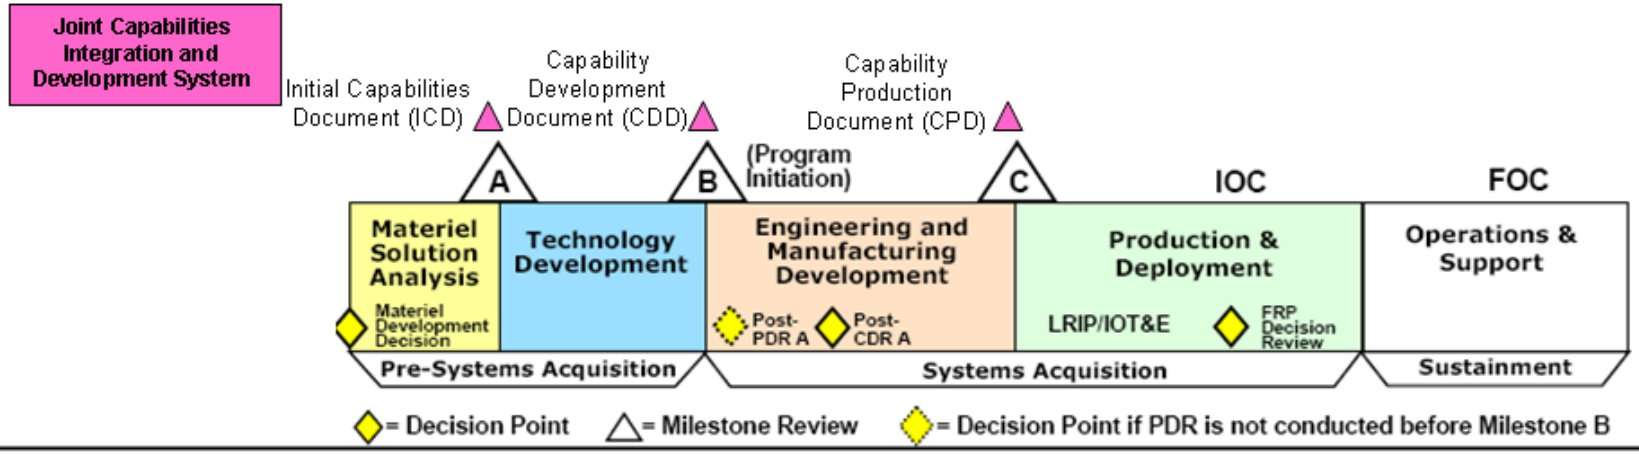
Information Assurance Roadmap



1. Specify IA capabilities (JCIDS)
2. Establish an IA organization
3. Identify IA requirements
4. Develop acquisition IA strategy — Update — Update — Update
5. Secure resources for IA
6. Conduct C&A process
7. Implement IA solutions
8. Test and evaluate IA solutions — OA Fielded Systems
9. Accredit the system
10. Maintain system security posture throughout life-cycle
